RETAIL
Price List

SPRING
1929

Valdesian Nurseries

BOSTIC, N. C.

Many people wish to buy small plants and "watch them grow"; hence this condensed price list.

The evergreens listed herein have been transplanted a number of times, have splendid roots, and will be shipped B. & B. in proportion to the size of the plants same as larger evergreens.

Parties wishing larger stock than quoted herein are requested to write for our general descriptive catalog.

SPECIALTIES — Evergreens, Red Flowering Dogwood, Japanese Flowering Cherries, and Chinese Magnolias.

FALL, 1928—SPRING 1929

RETAIL PRICE LIST

Valdesian Nurseries

BOSTIC, N. C.

Valdesian Nurseries are located at Bostic on the Seaboard Airline and Carolina Clinchfield & Ohio Railways, being two and one-half miles from Forest City, and within one mile of the State highway number 20 from Wilmington to Asheville.

We will be glad to welcome our friends either in Bostic or Forest City.

SPECIAL DISCOUNTS TO SCHOOLS, MINISTERS, CHURCHES, AND CEMETERY PLANTINGS

Advise us what you want to do, we'll be glad to make suggestions and quote you special prices, which will save you money.

Our shipping season begins in September, continuing until late in the spring.

These prices are for plants packed and f. o. b. here.

If the stock does not open up in good condition, we wish to be advised at once.

We advise our friends and customers to place their orders early. Prices have been greatly reduced; our supply and the depression in business generally, make these concessions.

Your orders will be appreciated, and have our prompt and careful attention.

ARBORVITAE-THUYA

AMERICAN ARBORVITAE—A well known variety and more generally planted than any other sort.

ORIENTAL or CHINESE ARBORVITAE—Pyramidal or bushy tree, with a handsome shade of green foliage. 12 to 15 inch 75c each, 15 to 18 inch \$1.00 each.

PYRAMIDAL AMERICAN ARBORVITAE—Compact and erect. Fine for tubs, porches or special plantings. Used for piers or columns like Junipers. 12 to 18 inch 75c each, 18 to 24 inch \$1.25 each.

GLOBOSA ARBORVITAE—Grows naturally round like a ball. Used in all plantings, especially for tubs or box plantings, corners or outer edges and groupings. 10 to 12 inch \$1.00 each, 12 to 15 inch \$1.50 each.

SIBERIAN ARBORVITAE—Sometimes called the fern-leaf Arborvitae. Emits a pleasant odor. Affords a handsome shade of green. 12 inch \$1.00 each, 12 to 15 inch \$1.25 each.

TOM THUMB ARBORVITAE — Dwarf compact sort, with feathery-like foliage, 8 to 10 inch \$1.00 each, 10 to 12 inch \$1.50 each.

BIOTAS

BIOTA AUREA NANA—Most popular dwarf Biota. It is always compact and shapely, used either singly, in groups for lawns, for borders or banking in front of porches. Satisfactory for tubs or pots. 8 to 10 inch \$1.00 each, 10 to 12 inch \$1.50 each, 12 to 15 inch \$2.00 each.

BIOTA BLUE GREEN—Odd sort; beautiful bluish-green foliage. Dwarf. Makes a very pretty little tree. 12 to 15 inch \$1.00 each, 15 to 20 inch \$1.50 each.

BIOTA CONSPICUA—Beautiful, almost pyramidal evergreen of intense golden foliage. Fine contrast among other sorts. 10 to 12 inch \$1.00 each, 12 to 18 inch \$1.50 each, 18 to 24 inch \$2.00 each.

BIOTA PYRAMIDALIS—Compact, narrow pyramidal growth. Bright green foliage. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.00 each.

BIOTA ROSEDALE — Foliage fine. Purplish hue in winter; attractive, dwarf sort. 12 to 18 inch \$1.50 each, 18 to 24 inch \$2.00 each.

CEDARS

CEDRUS DEODARA (Indian Cedar)—Foliage bluish-green, nearly as deep blue as Koster's. Cedrus Deodaras add greatly to the surroundings, whether singly or in groups. 12 to 18 inch \$1.25 each, 18 to 24 inch \$2.00 each.

CEDAR RED (Virginiana)—Pyramidal growth Turns to purplish-bronze in winter. 12 to 15 inch 75c each, 15 to 20 inch \$1.00 each.

VIRGINIANA GLAUCA (Blue Cedar)—Pyramidal variety of silvery-blue foliage. 12 to 18 inch \$1.00 each, 18 to 24 inch \$2.00 each.

CEDAR LIBANI (Cedar of Lebanon) — This is the variety so frequently referred to in the Scriptures. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.50 each.

CYPRESS

ITALIAN CYPRESS — Grows erect and shape-ly. Tapering branches lie close to the stems. Fine for landscape work in grouping or single specimens. 18 to 24 inch \$1.00 each, 24 to 30 inch \$1.50 each, 30 to 36 inch \$2.00 each.

ARIZONA CYPRESS — A splendid new variety of bluish-green foliage. A rare and desirable sort. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.00 each.

BLUE LAWSONIAN CYPRESS — Similar to the Lawsonian, but with dark blue green foliage and a more dwarf habit. 12 to 18 inch \$1.00 each.

FIRS

DOUGLAS FIR—Succeeds better in the South than any variety we know. Foliage of light blue above with silvery-white below. Odd variety. 18 to 24 inch \$1.00 each, 24 to 30 inch \$2.00 each.

HEMLOCK - TSUGA

CAROLINA HEMLOCK — Compact graceful tree of rare beauty. Has dense, drooping, feathery-like foliage. 24 to 30 inch \$2.50 each.

HEMLOCK CANADENSIS — Beautiful drooping foliage of dark green color. Hemlocks may be used to advantage on large estates, and in the smaller plantings they should certainly have a place. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.50 each.

JUNIPERS

JUNIPER PYRAMIDAL (Hibernica or Irish)—Most popular Juniper in cultivation. Upright growth, resembling a grayish-green column.

JUNIPER GLAUCA (New English)—Not so dense and columnar as the Irish but about the same color. Where a more spreading variety is desired, this is an ideal sort. They do not tinge in the coldest weather. Lend beauty and attractiveness to the surroundings. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.25 each, 24 to 30 inch \$2.00 each, 30 to 36 inch \$2.50 each, 3 to 4 feet \$3.00 each.

JUNIPER CHINENSIS PFITZERIANA — Handsome, attractive, spreading or prostrate type. Unusually attractive. 12 to 15 inch \$1.50 each, 15 to 18 inch \$2.00 each, 18 to 20 inch \$2.50 each.

JUNIPER COMMUNIS DEPRESSA — A desirable prostrate form of Juniper. 12 to 15 inch \$1.25 each, 15 to 20 inch \$1.50 each.

JUNIPER SABINA (Savin Juniper) — Spreading form of dark green foliage. Valuable for grouping and borders, makes a fine effect among other sorts. 10 to 12 inch \$1.00 each, 12 to 15 inch \$1.50 each, 15 to 20 inch \$2.00 each.

JUNIPER EXCELSA STRICTA — Its steel blue pointed leaves stand erect. Fine dwarfish, compact variety for general planting, tubs or boxes. 10 to 12 inch \$1.00 each, 12 to 15 inch \$1.50 each, 15 to 20 inch \$2.00 each.

HEATHER

HEATHER, Swedish — Beautiful, evergreen flowering shrub. This variety succeeds better here. 12 to 18 inch 75c each.

RETINOSPORAS

RETINOSPORA PLUMOSA AUREA — Foliage plummy and graceful, tinged with a golden hue. Makes a beautiful contrast among groupings and other plantings.

RETINOSPORA PISIFERA PLUMOSA — Has plummy green foliage, but of the same nature and habit as the Aurea. 18 to 24 inch \$1.25 each, 24 to 30 inch \$2.00 each, 30 to 36 inch \$3.00 each.

RETINOSPORA SQUARROSA VEITCHI — Has beautiful, soft, steel-gray foliage. A very popular variety. 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.50 each.

RETINOSPORA PISIFERA ARGENTEA — A splendid dwarf sort. Dense foliage, with beautiful, silvery-tipped branches. Fine for boxes or tubs. 12 to 18 inch \$1.25 each.

SPRUCES

NORWAY SPRUCE — When the snow covers the earth like a blanket, the green foliage of a Norway Spruce brightens the surroundings and makes us forget the dreariness of old winter. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.00 each.

WHITE SPRUCE — Same Price as Norway.

COLORADO BLUE SPRUCE — In color it is a bluish-green. Most plantings include a few of this variety. 12 to 18 inch \$1.50 each, 18 to 20 inch \$2.00 each, 20 to 24 inch \$3.00 each.

TAXUS CANADENSIS

TAXUS CANADENSIS (Canadian Yew) — Dwarf-like evergreen of spreading habit. Fine for banking, and especially used for shady places. Has dark green foliage and beautiful crimson berries. 10 to 12 inch 75c each, 12 to 15 inch \$1.50 each, 15 to 18 inch \$2.00 each.

PINUS-PINES

PINUS DENSIFLORA (Japanese Red Pine) — Dwarfish Japanese variety. The best among the pine introduction from Japan. Makes a showy, compact tree. 18 to 24 inch \$1.25 each, 24 to 30 inch \$1.50 each, 30 inch and over \$2.00 each.

PINUS STROBUS (White Pine) — Symmetrical, tall-growing tree. Foliage green with silvery-gray underneath. Always desirable. 18 to 24 inch \$1.00 each, 24 to 30 inch \$1.50 each, 2 1-2 feet to 3 feet \$2.00 each.

BROAD-LEAVED EVERGREENS

MAGNOLIA GRANDIFLORA — The old known evergreen Magnolia. Blossoms in June, July and August. 12 to 18 inch 65c each, 18 to 24 inch \$1.00 each, 24 to 30 inch \$1.25 each, 30 to 36 inch \$1.50 each.

We have a fine lot of these Magnolias growing in 4-inch pots, 75c each.

ABELIA GRANDIFLORA — Of graceful drooping habit. Produces abundantly, little, bell-shaped, fragrant flowers from May until frost. Rooted plants 25c each, 12 to 18 inch 40c each, 18 to 24 inch 60c each, 24 to 30 inch 75c each.

ACUBA JAPONICA — Large deep green leaves. Bears clusters of red berries which it retains until late in the spring. Small plants 35c each, 12 inch 75c each, 18 inch \$1.25 each, 24 inch \$1.50 each.

The variegated Acuba, sometimes known as Gold Dust Tree. Same price as the green leaved sort. Ideal plants for shady places.

AZALEAS, EVERGREEN

AZALEA AMOENA—Bears dark, glossy, evergreen leaves; flowers of a rich wine color, in profusion in early spring. 10 inch \$1.00 each, 12 inch \$1.25 each, 15 inch \$1.50 each, 18 inch \$2.00 each, 20 inch \$3.00 each.

AZALEA HINODEGIRI — Resembles Amoena in habit, but stronger growth. Produces, abundantly, bright carmine flowers. 12 inch \$1.00 each, 15 inch \$1.50 each, 18 inch \$2.25 each.

AZALEA INDICA ALBA — A Chinese sort, produces snow-white flowers in the spring. 12 inch \$1.00 each, 15 inch \$1.25 each.

NANDINA DOMESTICA — A beautiful Japanese evergreen shrub. In winter its leaves turn to bright red, the plant bearing great clusters of crimson berries that hang on until late in the spring. A most attractive plant. 6 to 8 inch 50c each, 8 to 12 inch 75c each, 12 to 15 inch \$1.00 each, 15 to 18 inch \$1.25 each, 18 to 24 inch \$2.00 each.

LONICERA NITIDA — Chinese, compact shrub. Very small leaves. Graceful, drooping habit—6 to 12 inch 25c each, 12 to 18 inch 50c each.

CAPE JASMINE — Green foliage, fragrant white flowers. Graceful and attractive shrub. Not hardy in the cold sections, but at home in the South. Small plants 25c each, 12 inch 50c each, 18 inch 75c each.

PIERIS JAPONICA (Japanese Andromeda) — Japanese evergreen shrub, with thick shiny leaves. Bears long, drooping clusters of white flowers from January to March. 12 inch \$1.50 each, 15 inch \$2.00 each.

DAPHNE ODORA VARIEGATA — Most attractive at all times of the year with its bright variegated foliage. Its beautiful, intense fragrant, pink flowers are borne in small dense terminal heads over the bush during the winter. Formerly imported from Japan and now very scarce. 12 to 15 inch \$2.50 each.

EUONYMUS JAPONICA (Evergreen Burning-bush) — Lustrous deep green leaves, with great pods of crimson berries. 18 inch 50c each, 24 inch 75c each.

PHOTINIA SERRULATA—Evergreen Photinia from China. Conspicuous foliage in autumn when it assumes a reddish hue, bearing large, white flowers in early spring. None more striking. Hardy and easily grown. 15 inch \$1.00 each, 18 inch \$1.50 each, 24 inch \$2.00 each.

OLEA FRAGRANS — Bright, glossy green foliage, small, white, sweet-scented flowers. Blooms in late fall and early spring. 18 inch \$1.00 each, 24 inch \$1.50 each.

BUXUS SEMPERVIRENS (Boxwood)—Bush or Tree Box. Has small, glossy green leaves. Can be sheared to any desired shape. 12 inch 75c each, 18 inch \$1.50 each, 24 inch \$2.00 each.

BUXUS SUFFRUTICOSA—May be seen around old homes, which perhaps have stood for several generations. 10 to 12 inch, bushy, compact plants \$1.00 each, 12 to 15 inch \$1.50 each.

Thousands of small plants for edging. State number and size for quotation.

RHODODENDRON CATAWBIENSE—Flowers bright crimson, borne in large clusters at the ends of the branches. Perfectly hardy in northern latitudes. 12 to 18 inch \$1.50 each, 18 to 24 inch \$2.00 each, 24 inch and over \$3.00 each.

RHODODENDRON MAXIMUM — Larger foliage than Catawbiense. Bears great clusters of pinkish-white flowers in May and June. 12 to 18 inch \$1.25 each, 18 to 24 inch \$2.00 each, 24 to 30 inch \$3.00 each.

KALMIA LATIFOLIA — Blooms in terminal clusters of clearest pink to white. Much used for landscape work for banking and mixing in. 18 inch \$1.25 each, 24 inch \$2.00 each.

LAUROCERASUS (English Laurel)—Handsome shining evergreen foliage. One of the best evergreen shrubs. 18 inch \$1.00 each, 24 inch \$1.50 each, 30 inch \$2.50 each.

CHERRY LAUREL — Has pretty shining evergreen foliage. Hardy and a good grower. 18 inch 60c each, 24 inch 75c each, 30 inch \$1.25 each.

PYRACANTHUS LELANDI — Known to some as burning bush. Very desirable and effective. Bears great clusters of orange-colored berries. 18 inch 75c each, 24 inch \$1.00 each, 30 inch \$1.50 each.

CAMELLIA JAPONICA — The well known Japanese Camellia.

CAMELLIA CHINENSIS — Chinese Camellia. Leaves not as large as the Japonica. Flowers in fall and early spring. 18 inch \$1.25 each, 20 inch \$2.00 each.

ELEAGNUS PUNGENS (Silver Thorn) — Creamy-white flowers in January and February, followed by beautiful little red berries. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.25 each, 24 to 30 inch \$2.00 each.

LIGUSTRUM LUCIDUM — Dark green foliage. Wax-leaved sort.

LIGUSTRUM NEPALENSIS — Has smaller leaves than the *Lucidum*. 12 inch \$1.00 each, 18 inch \$1.50, 24 inch \$2.00 each.

LIGUSTRUM JAPONICUM — Much used by landscape gardeners among shrubbery and other plantings. 18 inch 60c each, 24 inch 75c each, 30 inch \$1.00 each.

All the *Ligustrums* are much used in landscape work, making attractive and showy plants.

HOLLIES

AMERICAN HOLLY — Native variety. Hardy and fine for specimen or open ground planting. Bears a profusion of red berries which make it very ornamental. 12 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.00 each.

JAPANESE HOLLY — Has large fine foliage, with yellow flowers in January. Dwarfish habit. Suited for shady places and where small broad-leaved evergreen are wanted. 12 to 15 inch \$1.00 each, 15 to 18 inch \$1.50 each, 18 to 24 inch \$2.00 each.

MAHONIA AQUIFOLIA — Holly-like leaves, yellow flowers in May, followed by great clusters of blue berries. Fine for mass planting or grouping. 12 to 15 inch 75c each, 15 to 18 inch \$1.00 each, 18 to 24 inch \$1.50 each.

ILEX AQUIFOLIA (*English Holly*) — Conspicuous broad-leaved evergreen, making columnar or spherical specimens. Produces abundantly red berries which hang on until late in the spring. 18 to 24 inch \$1.50 each, 24 to 30 inch \$2.50 each.

HARDY DECIDUOUS ORNAMENTAL SHRUBS

In this small price list we will not attempt to give description of common shrubs, as these are the same plants you see listed in all catalogs.

AZALEA NUDIFLORUM — 15 inch \$1.00 each.

AZALEA PONTICUM **ALTA CLARENCE** — Flowers bright yellow to orange, with large and beautiful trusses, often measuring 6 inches in diameter. Very fragrant. 12 inch \$1.50 each, 15 inch \$2.00 each.

AZALEA KAEMPFERI — Fine early blooming sort. Colors shaded yellow to pink. 12 inch \$1.00 each, 20 inch \$1.50 each.

ALTHEAS — We have these in various colors, both single and double. 18 to 24 inch 25c each, 2 to 3 feet 35c each.

BUTTERFLY BUSH (*Buddleia*) A well known fragrant variety. 18 to 24 inch 25c each, 2 to 3 feet 35c each.

CALYCANTHUS FLORIDUS (Sweet-scented Shrub) — 2 to 3 feet 50c each.

CRAPE MYRTLE — Watermelon color, red and white. Blooms in great abundance throughout the summer. 2 to 3 feet 75c each, 3 to 4 feet \$1.00 each.

DEUTZIAS, PRIDE of ROCHESTER and CRENATA, 24 inch 25c each. 3 feet 40c each.

FORSYTHIAS (Golden Bell), VIRIDISSIMA, SUSPensa and INTERMEDIA, 24 inch 25c each, 3 feet 40c each.

GENISTA — Desirable for rocky locations; suitable for massing among evergreens or shrubs. Bears golden-yellow flowers in profusion, which resembles Sweet Peas. 18 inch 40c each, 24 inch 75c each.

HYDRANGEA PANICULATA GRANDIFLORA — A beautiful sort, with bright shiny green leaves. Bears flowers 6 to 7 inches in diameter. Hardy. 18 inch 25c each, 24 inch 50c each, 3 feet 60c each.

HYDRANGEA OTAKSA — Japanese sort. Produces great clusters of flowers, blue and pink sorts. Nice plants 50c each, large size \$1.00 each.

VIBURNUM-SNOWBALL

VIBURNUM TOMENTOSUM PLICATUM (Japanese Snowball) — Hardy Japanese sort. Large, white blooms with handsome foliage.

VIBURNUM OPULUS or Red-berried Snowball — Attractive white flowers followed by showy red berries.

VIBURNUM OPULUS STERILIS (Common) — The old-fashioned sort, producing large globular clusters of pure white flowers in May and June.

PRUNIFOLIUM (Black Haw) — A shrub or small tree, with large or oval leaves. Clusters of pure white flowers in the spring, followed by bluish-white fruit that ripens in October. 1 to 2 feet 40c each, 2 to 3 feet 50c each.

PERSIAN LILAC — Pale lilac-colored flowers. Fragrant. 2 feet 50c each, 3 feet \$1.00 each. WHITE LILAC same price.

PHILADELPHUS SYRINGA or MOCK ORANGE, CORONARIUS, GRANDIFLORA, LEMOINEI, 24 inch 30c each, 3 feet 40c each.

HYPERICUM AUREUM — Useful for edging borders and grouping among evergreens.

HYPERICUM DENSIFLORUM — Flowers very numerous, in compound clusters of golden yellow.

HYPERICUM MOSERIANUM — Always evergreen in the south. The well known weeping variety. Produces yellow flowers during the summer. 1 to 2 feet 35c each, 2 to 3 feet 50c each.

PRUNUS TOMENTOSA (Nanking Cherry) — Fruit-bearing flowering cherry. Hardy bush cherry from North China. Covered with flowers in March which open from pink buds just as the leaves start. Brilliant red fruit contrasts well with the bright green foliage. Valuable for landscape work as well as fruit-bearing qualities. 2 to 3 feet \$1.00 each, 3 to 4 feet \$1.50 each.

JASMINUM NUDIFLORUM—Dark shiny green stems, with bright yellow flowers in January. 1 yr. plants 25c each, 2 yr. plants 40c each.

FLOWERING CRAB (Pyrus) — Chinese flowering Crab. Small tree, native of China. Deep purplish flowers and reddish-yellow fruit, 2 to 3 feet \$1.00 each, 3 to 4 feet \$1.25 each.

POTENTILLA — Hardy shrub, having distinctive, narrow, fuzzy leaves. Its yellow blooms resemble *Hypericum*. Blooms freely from June until frost. 12 to 18 inch 40c each, 18 to 24 inch 60c each.

SYMPHORICARPOS RACEMOSUS (Snowberry) — Branches drooping, flowers white, followed by clusteres of white berries.

SYMPHORICARPOS VULGARIS (Coralberry) —Purplish-red berries are produced in great profusion. 18 to 24 inch 25c each, 2 to 3 feet 40c each.

SPIREAS

SPIREA ANTHONY WATERER — The well known pink flowering sort, 12 inch 30c each, 18 inch 50c each, 2 feet \$1.00 each.

SPIREA VAN HOUTTEI—Flowers white in late spring, often bending the branches in graceful curves to the ground. 2 feet 35c each, 3 feet 50c each.

SPIREA THUNBERGII — Same nature and habit as *Spirea Van Houttei*, but only grows to a height of 2 or 3 feet. Weeping branches load themselves with flowers in early spring. 12 inch 35c each, 18 inch 50c each, 24 inch 75c each.

BLUE SPIREA (*Caryopteris Incana*) — Has sage-like leaves. Its pretty blue flowers appear in July and continue until frost. 12 inch 25c each, 18 inch 35c each, 24 inch 50c each.

SPIREA REEVESIANA — Bears large round clusters of white flowers that cover the entire plant. 24 inch 25c each, 30 inch 40c each.

CYDONIA JAPONICA (Japanese Flowering Quince) — Bears showy, scarlet flowers in early spring, followed by yellowish-colored, fragrant fruit. 1 to 2 feet 25c each, 2 to 3 feet 50c each.

WEIGELIA ROSEA — Handsome rose-colored flowers.

WEIGELIA HENDERSONIA — Lighter shade than Rosea.

WEIGELIA EVA RATHKE — Red flowering. One of the finest. 1 to 2 feet 25c each, 2 to 3 feet 40c each.

HEDGE PLANTS

AMoor River Evergreen Privet — Fast growing hedge for sun or shade. Bears trimming into any desired shape. Small plants 6 to 12 inch \$2.50 per 100, \$17.50 per 1000, 12 to 18 inch \$3.00 per 100, \$20.00 per 1000, 18 to 24 inch \$5.00 per 100, \$40.00 per 1000.

LODENSE PRIVET—Distinct form of Privet. 6 to 8 inch 20c each, 8 to 10 inch 25c each.

THUNBERG'S BARBERRY — Has small yellow flowers in the spring, followed by a profusion of red berries which hang on during the winter. 8 to 12 inch \$1.50 per 10, \$10.00 per 100, 12 to 18 inch \$2.50 per 10, \$20.00 per 100.

JAPANESE BARBERRY—(Berberies Thunbergi Atropurpurea) — Same as Thunbergi with the exception of the rich, lustrous, bronzy-red foliage. 6 to 12 inch 50c each, \$5.00 per 10, 12 to 18 inch \$1.00 each, \$10.00 per 10.

SHADE TREES

SUGAR AND NORWAY MAPLES — Two of the most popular shade trees. 5 to 6 feet \$1.00 each, 6 to 7 feet \$1.50 each, 7 to 8 feet \$2.00 each, 8 to 10 feet \$3.00 each.

RED BIRCH — A good grower, long-lived, a valuable and effective tree. 6 to 8 feet \$1.25 each, 8 to 10 feet \$2.00 each.

LOMBARDY POPLAR — Columnar spiral-like growth. 6 feet 50c each, 8 feet 75c each, 10 feet \$1.00 each.

TULIP POPLAR — A very beautiful, fast growing tree, bearing greenish-yellow flowers blotched with orange in the spring.

VOLGA POPLAR — A new and popular variety. A little more spreading than the Lombardy, holds its foliage better. 8 feet \$1.00 each, 10 feet \$1.50 each.

JAPANESE FLOWERING CHERRY — The traveling world goes to Japan in Cherry blossoming time, and it is said that people from every state in the Union go to Washington every spring to see the three miles of cherry trees that border the driveway and shoreline of the Potomac Park. 18 to 24 inch \$1.50 each, 2 to 3 feet \$2.50 each, 3 to 4 feet \$3.50 each.

HORSE CHESTNUT (Rubra) — Large flowers pink to red in color. Poplar and rare tree. 3 to 4

feet \$1.00 each, 4 to 5 feet \$1.50 each, 5 to 6 feet \$2.00 each.

AMYGDALIS PERSICA FLORE-PLENO (Double-flowering Peach) — A charming tree. Beautiful double flowers. Varieties white, pink and red. 2 feet \$1.00 each, 3 feet \$1.50 each.

JAPANESE BLOOD-LEAVED MAPLE (*A. Palmatum*) — Star-shaped foliage of bright red color. A most peculiar and valuable ornamental tree that has no equal for lawn planting. 12 to 18 inch \$2.50 each, 18 to 24 inch \$4.00 each.

PRUNUS PISSARDI — Small tree. Gives a rich spot of color to any planting. 18 to 24 inch 75c each, 2 to 3 feet \$1.00 each.

WHITE FLOWERING DOGWOOD — A splendid little tree with white flowers in the spring before the leaves appear. 2 to 3 feet \$1.00 each, 3 to 4 feet \$1.50 each.

RED FLOWERING DOGWOOD (*Cornus Florida Rubra*) — Its beautiful red flowers create a most pleasing effect. Lends a striking appearance among other trees. Everybody wants it. 18 to 24 inch \$2.00 each, 2 to 3 feet \$2.50 each.

SORBUS AUCUPARIA (European Mountain Ash) — Medium size tree, bearing brilliant bright red fruit in large clusters. Fine for winter coloring. 5 to 6 feet \$1.25 each, 6 to 8 feet \$1.50 each.

AMERICAN ELM — A tall lasting tree with spreading top. 6 to 8 feet \$1.00 each, 8 to 10 feet \$1.50 each.

OXYDENDRUM ARBOREUM (Sourwood) Bright green leaves that turn to scarlet in autumn. Fragrant white flowers resembling Lily of the Valley. Valuable honey producing tree. 12 to 18 inch 25c each, 18 to 24 inch 50c each.

AMERICAN RED BUD — Branches irregular, spreading habit, with heart-shaped leaves. Small pink flowers in the spring, 3 to 4 feet 50c each, 4 to 5 feet 75c each, 5 to 6 feet \$1.00 each.

CATALPA BUNGEI — Dwarfish growth with umbrella-shaped top. 4 to 5 feet \$2.00 each, 5 to 6 feet \$2.50 each.

MAGNOLIA ACUMINATA — Tall growing Magnolia. Creamy-white flowers, with cucumber-shaped fruit. 2 to 3 feet 60c each, 3 to 4 feet \$1.00 each.

MAGNOLIA SOULANGEANA — Deciduous flowering Magnolia. Blooms purplish-pink, opening before the leaves appear in early spring. Valuable for any planting. 18 to 24 inch \$2.50 each, 24 to 30 inch \$3.50 each.

QUERCUS - OAK

QUERCUS PALUSTRIS (Pin Oak) — Symmetri-

cal tree with drooping branches. Splendid variety for southern planting.

HARDY CLIMBING VINES

VIRGINIA CREEPER, ENGELMANNI, VEITCHI (Boston Ivy)

CLEMATIS PANICULATA — Rapid grower, with pure white flowers opening in immense clusters. Very fragrant. 2 yr. plants 50c each, \$4.00 per 10.

KUDZU VINE — The most rapid growing vine we know. Fine for porch screen, lattice houses, arbors. Will grow on poor land and rocky hillsides. Not subject to disease. Reports give it having produced 10 tons per acre. Cattle prefer it, it having 20 per cent more protein than alfalfa. Covers the land the second season when pasturing may begin. The more it is eaten off, the more it will grow. There is money in planting Kudzu for permanent planting. 2 yr. strong plants 40c each, 1 yr. 25c each, \$15.00 per 100.

WISTERIA — Flowers in clusters, 1 yr. 25c each, \$2.50 per 10, 2 yr. plants 50c each, \$4.00 per 10.

BUSH HONEYSUCKLE

LONICERA MORROWI — Upright growth, with white flowers in early season. Bears profusely, bright red berries in June, July and August.

LONICERA FRAGRANTISSIMA — Pinkish-white flowers in February. Exceedingly fragrant. Deep green leaves. Almost an evergreen. 2 yr. strong plants 50c each, \$4.00 per 10, 3 yr. heavy plants 75c each, \$7.00 per 10.

EVERGREEN VINES

EUONYMUS VEGETUS — Called Evergreen Bittersweet. Nearly round leaves. Bright scarlet fruit. 18 inch 30c each, 24 inch 60c each.

VINCA MINOR (Periwinkle or Blue Myrtle)—Has deep glossy evergreen leaves, with blue flowers. Fine for ground covering. Small plants 15c each.

ENGLISH IVY — An old known, hardy ever-

green vine. Retains its dark, glossy leaves all the year. Small plants 15c each, 2 yr. plants 25c each.

BUSH ROSES

Large, hardy, 2 yr. field-grown rose bushes that bloom freely the first year.

PINK ROSES: PAUL NEYRON, PINK KILLARNEY, PINK RADIANCE, J. L. MOCK, COLUMBIA, LOS ANGELES.

RED ROSES: RED RADIANCE, GRUSS ANTEPLITZ, FRANCIS SCOTT KEY.

WHITE ROSES: FRAU KARL DRUSCHKI — Strong, vigorous grower. Bears freely marvelous white flowers without a tinge of any color. We believe the best among the white roses. WHITE KILLARNEY, WHITE La FRANCE, WHITE MAMAN COCHET.

YELLOW ROSES: LADY HILLINGDON, SUNBURST, LUXEMBURG, OPHELIA. All the above 60c each, \$5.00 per 10. HUGONIS — Golden rose of China 75c each. SWEETHEART or KERRIA. 1 yr. plants 50c each.

CLIMBING ROSES

AMERICAN PILLAR, CLIMBING AMERICAN BEAUTY, CRIMSON RAMBLER, EXCELSA (Red Dorothy Perkins), LADY GAY, WHITE DOROTHY PERKINS, YELLOW RAMBLER, DR. VAN FLEET 50c each, \$4.00 per 10. SILVER MOON (White) 60c each. SUNBURST—This valuable new yellow climber produces golden yellow flowers, same as the bush Sunburst, all the season. 2 yr. plants 60c each.

BULBS

CALADIUM — Fancy-leaved 35c each. GLADIOLUS, mixed colors. These produce a splendid array of colors. Strong bulbs 60c per doz. \$4.00 per 100. NARCISSUS, strong bulbs 50c per 10. AMARYLLIS HYBRIDS 75c each.

PERENNIALS

SUPERB HARDY PHLOX — Various colors and strong plants \$2.00 per 10.

YUCCA (Filamentosa), TRITOMA, HOLLYHOCKS, MALLOW MARVELS, GOLDEN GLOW. 25c each, \$2.00 per 10.

GERMAN IRIS — In three colors, HARDY CARNATIONS, SHASTA DAISIES, 20c each, \$1.25 per 10.

SWEET PEAS — Fine mixture Spencer variety. Large size package 25c.

FERNS

WHITMANII, BOSTON, ROOSEVELT, ASPARAGUS PLUMOSA, WOODWARDI. We have nice, well developed plants in our greenhouse in the above varieties at 10c, 25c, 50c and 75c each.
